

Kids at Hope Masters Institute Graduates Manitowoc County

Kristin Lee - Manitowoc Public School District

Stacy Ledvina - Social Work Supervisor and Treasure Hunter

"The Master's Institute is a transformative event that will forever impact the work I do with youth and their families. I am excited that we are replicating this experience locally in March, 2020."

Christma Rusch - Executive Director of Lighthouse Recovery Community Center

Julie Ribley - Treasure Hunter and Director of Manitowoc County CASA

"Attending the Master Institute has enlightened, inspired, empowered and transformed how I interact with youth in my organization and in my community and how I contribute as a team member with other youth serving organizations. Full HOPE ahead!"

Judy Wiesbrook - Restorative Justice Program Coordinator, Human Services

Stacie Opahle - Madison Elementary Principal - MPSD Summer School Coordinator - Treasure Hunter

"I have always had a strong belief the all students can succeed. Attending the Masters provided me the science and background to understand the power of HOPE. I am fortunate to serve our schools and community to continue the message of HOPE for all students - no exceptions!"

Lisa Quistorf - District Administrator Two Rivers Public School District

Craig Rysticken - Two Rivers High School Principal - Kind Pirate

"The Kids at Hope Master's Institute was a life changing event that has had a major impact on how I look at my work/ interactions with students. I'm happy that Manitowoc county is willing to invest the time and effort in their youth by bringing a replica of this special event to our community!"

Stephanie Willis - Human Services

Chad Bauknecht - Magee Elementary Principal

"The opportunity to be a part of an organization that has a common end goal of all kids being successful is powerful. No Exceptions!"

Tim Wester - Two Rivers High School

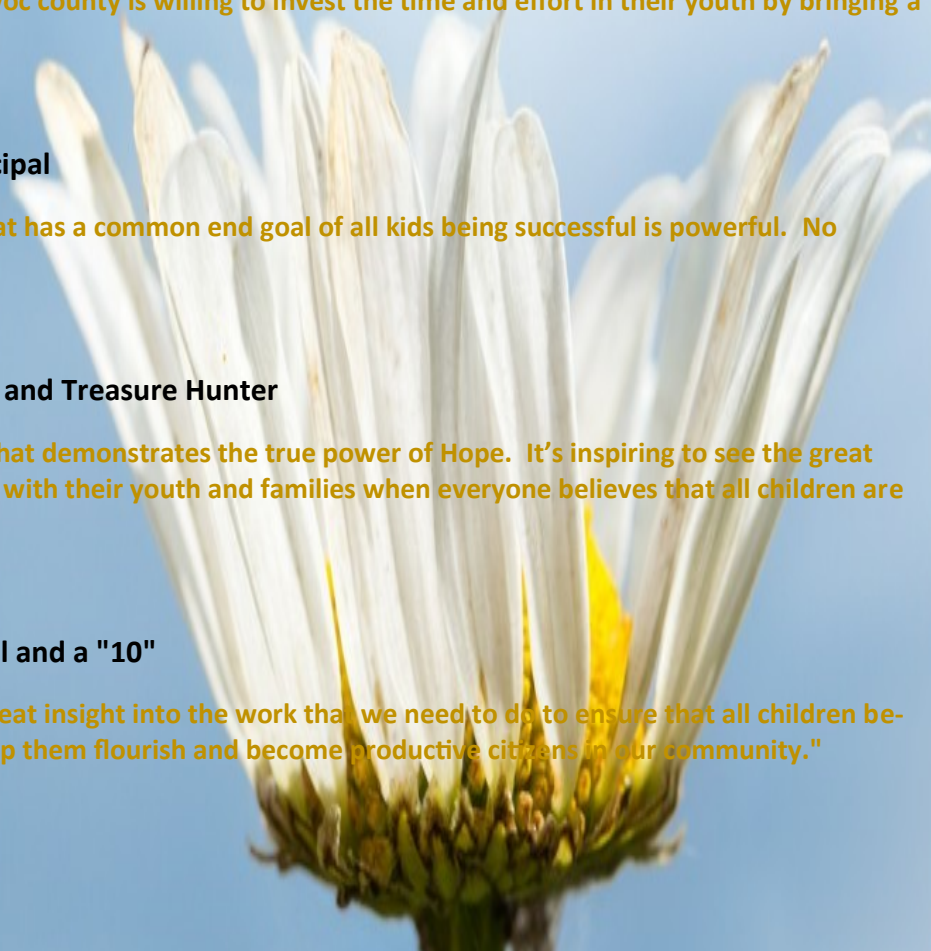

Tressa Weber - Youth Justice Social Worker and Treasure Hunter

"The Master's Institute is an incredible experience that demonstrates the true power of Hope. It's inspiring to see the great things that entire communities are capable of doing with their youth and families when everyone believes that all children are capable of success, no exceptions!"

Jake Glaeser - SRO Two Rivers High School

Dana McLinn - Koenig Elementary Principal and a "10"

"Attending the Masters Institute in 2018 gave me great insight into the work that we need to do to ensure that all children believe they will have caring relationships who will help them flourish and become productive citizens in our community."

Kids at Hope Masters Institute Graduates Manitowoc County

Jennifer Schneider - Manitowoc Public School District

Cath Tease - Coalition Coordinator and Treasure Hunter

"I love the power of connection! I was reminded how powerful (and essential) HOPE is for EVERYONE! It's fascinating to learn about the science of hope, and even more powerful to live the Kids at Hope philosophy – we believe, we connect and we time travel!"

Julie Grossman- Executive Director Manitowoc-Two Rivers YMCA

John Bell - Counselor at O.H. Schultz Elementary School

"Attending the Masters Institute was inspiring indeed! To witness experts, and leaders in their fields of study, present their research that supports the Kids at Hope philosophy was so very powerful! Hearing incredible stories of perseverance and success from Kids at Hope and from Treasure Hunters alike, was a moving and motivating experience. It has changed the way I practice, and I'm proud of Manitowoc County for their leadership in bringing the Kids at Hope ethos to Northeast Wisconsin."
